

EBSCO Discovery Service

for Local Authority Public Health

The EBSCO Discovery Service is a single search across a range of content from multiple information resources.

An OpenAthens username and password is required to access this resource.

The screenshot shows the EBSCO Discovery Service interface. At the top, there is a search bar with the text 'Searching: Discovery Service for Public Health Local Authorities'. Below the search bar, there are options for 'Search with AND', 'Search with OR', and 'Delete Searches'. The main results area shows three search results, each with a 'Get Full Text' link. On the left side, there are sections for 'Refine Results', 'Limit To', and 'Source Types'. On the right side, there are options for 'Relevance', 'Page Options', and 'Share'. The interface is annotated with numbered callouts: 1 points to the 'Current Search' section, 2 points to the 'Limit To' section, 3 points to the 'Source Types' section, 4 points to the search history/alerts section, 5 points to the search options section, and 6 points to the user account section.

1 Current Search Criteria Quickly view your current search selections and update your search results by removing selected items.

2 Limiters Refine a search without navigating away from the results page.

3 Filters Filter search results by type of resource, related subjects, publisher or publication and more.

4 Search History View and combine past search terms and set up alerts to be notified of new articles.

5 Sort Results Sort results by relevance, date, author or source.

6 Create a My EBSCOhost Account Create a personal account to store your favourite articles to a personal folder and set your user preferences.

The screenshot shows the UK Health Security Agency Discovery Service interface. At the top, there are navigation tabs for 'New Search', 'Journals', and 'Home'. On the right, there are links for 'Sign In', 'Folder', 'Preferences', 'Language', and 'Help'. The search bar contains the text 'Searching: Discovery Service for Public Health Local Authorities' and a 'Search' button. Below the search bar, there are links for 'Basic Search', 'Advanced Search', and 'Search History'. The main content area displays a search result for the article 'Using a Technology-Based Meaning and Purpose Intervention to Improve Well-being: A Randomised Controlled Study.' The article details include authors (van Agteren, Joep; Bartholomaeus, Jonathan; Steains, Emma; Lo, Laura; Gerace, Adam), source (Journal of Happiness Studies), document type (Article), and subjects (LIFE satisfaction, ECOLOGICAL momentary assessments (Clinical psychology), ACTIVITIES of daily living, MENTAL health, CELL phones). The abstract is also visible. On the left side, there are options for 'Detailed Record', 'HTML Full Text', and 'PDF Full Text (894KB)'. On the right side, there is a 'Tools' menu with options like 'Google Drive', 'Add to folder', 'Print', 'E-mail', 'Save', 'Cite', 'Export', 'Create Note', 'Permalink', 'Listen', and 'Translate'. A purple box with the number '4' is in the top right corner of the screenshot. A purple box with the number '1' is on the left side of the screenshot. A purple box with the number '2' is on the left side of the screenshot. A purple box with the number '3' is on the right side of the screenshot.

1 Full-Text Links The complete article is available in HTML, PDF or both. When full text is not available an option to check your library's collection may appear.

2 Subject Terms Click a subject term for a new list of results.

3 Tools Menu The tools menu allows you to print, email, save, cite or export a Page

4 Help If at any time you need support then head over and click on Help, a pop up with advice will appear. Alternatively, you can contact us on libraries@phe.gov.uk
