

Global Public Health Security Research Alert

April 2024

Produced by [UKHSA Knowledge and Library Services](#) on behalf of the Global Public Health team, this is a monthly bulletin highlighting articles about global public health. The purpose of this alert is to provide you with the latest, best evidence to help you make informed decisions.

If you have any queries, please contact us at libraries@ukhsa.gov.uk, and if you would like to request a literature search, please use the [Knowledge and Library Services Enquiries Portal](#).

Please note that not all the articles and resources referred to in this alert are freely available. Some articles may require an Athens username and password. For further information on Athens accounts please visit [here](#). If you are not eligible to access our library services, then you may want to approach your [local health library service](#).

We do not accept responsibility for the availability or reliability of the items of content included in this alert and their inclusion is not an endorsement of any views that may be expressed.

Global Public Health Security: Embase

[Editorial: Current priorities in health research agendas: tensions between public and commercial interests in prioritizing biomedical, social, and environmental aspects of health](#)

Author Names: Garcia Carrillo M., Gagnon M.-A., Blaustein M. Database Source: Embase Daily Updates Journal Title: Frontiers in Medicine Article Title: Editorial: Current priorities in health research agendas: tensions between public and commercial interests in prioritizing biomedical, social, and environmental aspects of health Year: 2024 Issue: Volume: 11 Abstract:

[The Enterics for Global Health \(EFGH\) Shigella Surveillance Study in Pakistan](#)

Author Names: Ahmed N., Yousafzai M.T., Qamar F.N. Database Source: Embase Daily Updates Journal Title: Open Forum Infectious Diseases Article Title: The Enterics for Global Health (EFGH) Shigella Surveillance Study in Pakistan Year: 2024 Issue: Supplement_1 Volume: 11 Abstract: Background

Towards Resilient Healthcare Systems: A Framework for Crisis Management

Author Names: Emami S.G., Lorenzoni V., Turchetti G. Database Source: Embase Daily Updates Journal Title: International Journal of Environmental Research and Public Health, International Journal of Environmental Research and Public Health Article Title: Towards Resilient Healthcare Systems: A Framework for Crisis Management Year: 2024 Issue: 3 Volume: 21 Abstract: This study addresses

The Enterics for Global Health (EFGH) Shigella Surveillance Study in The Gambia

Author Names: Conteh B., Badji H., Jallow A.F., Karim M., Manneh A., Keita B., Sarwar G., Ceesay B.E., Jarju S., Jabang A.M.J., Baldeh E., Ikumapayi U.N., Secka O., Antonio M., Roca A., Alessandro U.D., Kotloff K.L., Jahangir Hossain M

Microbiological Methods Used in the Enterics for Global Health Shigella Surveillance Study

Author Names: Horne B., Badji H., Bhuiyan M.T.R., Cachique L.R., Cornick J., Hotwani A., Juma J., Ochieng J.B., Abdou M., Apondi E., Atlas H.E., Awuor A.O., Baker K.S., Ceesay B.E., Charles M., Cunliffe N.A., Feutz E., Galagan S.R., Guindo I., Jahangir Hossain M., Iqbal J., Jallow F., Keita N.Y., Khanam F., Kotloff K.L., Maiden V., Villanueva K.M., Mito O., Mosharraf M.P., Nkeze J., Ikumapayi U.N., Olortegui M.P., Pavlinac P.B

Towards mission-driven investment in new antimicrobials? What role for Chinese strategic industrial financing vehicles in responding to the challenge of antimicrobial resistance?

Author Names: Husain L., Hu Y., Huang Y. Database Source: Embase Daily Updates Journal Title: Globalization and Health, Globalization and Health Article Title: Towards mission-driven investment in new antimicrobials? What role for Chinese strategic industrial financing vehicles in responding to the challenge of antimicrobial resistance? Year: 2024 Issue: 1 Volume: 20 Abstract:

WCN24-779 SOCIAL RESPONSIBILITY IN KIDNEY HEALTH CARE: WHICH APPLICATION IN AFRICA?

Author Names: HADDIYA I. Database Source: Embase Daily Updates Journal Title: Kidney International Reports Article Title: WCN24-779 SOCIAL RESPONSIBILITY IN KIDNEY HEALTH CARE: WHICH APPLICATION IN AFRICA? Year: 2024 Issue: 4 Supplement Volume: 9 Abstract: Introduction: The growing prevalence of chronic kidney disease presents a significant challenge to global health policy

Shigella Detection and Molecular Serotyping With a Customized TaqMan Array Card in the Enterics for Global Health (EFGH): Shigella Surveillance Study

Author Names: Liu J., Garcia Bardales P.F., Islam K., Jarju S., Juma J., Mhango C., Naumanga Q., Qureshi S., Sonye C., Ahmed N., Aziz F., Bhuiyan M.T.R., Charles M., Cunliffe N.A., Abdou M., Galagan S.R., Gitteh E., Guindo I., Jahangir Hossain M., Jabang A.M.J., Jere K.C., Kawonga F., Keita M., Keita N.Y., Kotloff K.L., Shapiama Lopez W.V., Munga S., Olortegui M.P., Omore R., Pavlinac P.B., Qadri F., Qamar F.N

Pandemic lessons learned and future public health strategies

Author Names: Sutton B. Database Source: Embase Daily Updates Journal Title: Microbiology Australia Article Title: Pandemic lessons learned and future public health strategies Year: 2024 Issue: 1 Volume: 45 Abstract: This article explores the significant challenges of the COVID-19 pandemic in Australia since 2020 and reflects on important lessons for preparedness and response to

Adopting telemedicine in the fight against antimicrobial resistance in West Africa

Author Names: Dauda B.J.,Offor M.C.,Adebusuyi O.,Owolabi C.P. Database Source: Embase Daily Updates Journal Title: The International journal of health planning and management Article Title: Adopting telemedicine in the fight against antimicrobial resistance in West Africa Year: 2024 Issue: Volume: Abstract: The detrimental effects of antimicrobial resistance (AMR) have called for

Resilience: conceptualisations and challenges for effective heatwave public health planning

Author Names: Nunes A.R. Database Source: Embase Daily Updates Journal Title: Public Health,Public Health Article Title: Resilience: conceptualisations and challenges for effective heatwave public health planning Year: 2024 Issue: Volume: 230 Abstract: Objectives: This article examines diverse perspectives on heatwave resilience in public health planning, interviewing stakeholders

The evolving epidemiology of SARS-CoV-2

Author Names: Bennett C.M.,Vally H. Database Source: Embase Daily Updates Journal Title: Microbiology Australia Article Title: The evolving epidemiology of SARS-CoV-2 Year: 2024 Issue: 1 Volume: 45 Abstract: Pandemics usually start with a bang following the emergence of a new pathogen that is both sufficiently infectious and virulent to pose a substantial threat and warrant an

Hazards Associated with the Combined Application of Fungicides and Poultry Litter in Agricultural Areas

Author Names: Correa-Junior D.,Parente C.E.T.,Frasas S. Database Source: Embase Daily Updates Journal Title: Journal of Xenobiotics,Journal of Xenobiotics Article Title: Hazards Associated with the Combined Application of Fungicides and Poultry Litter in Agricultural Areas Year: 2024 Issue: 1 Volume: 14 Abstract: In recent decades, the poultry farming industry has assumed a pivotal

Building Medical Device Supply Chain Resilience With the US Food and Drug Administration

Author Names: Zhuang C.,Block F.E. Database Source: Embase Daily Updates Journal Title: Journal of Clinical Engineering,Journal of Clinical Engineering Article Title: Building Medical Device Supply Chain Resilience With the US Food and Drug Administration Year: 2024 Issue: 2 Volume: 49 Abstract: Medical device supply chain shortages have the potential to negatively impact patient

Modeling the impact of urban and hospital eco-exposomes on antibiotic-resistance dynamics in wastewaters

Author Names: Henriot P.,Buelow E.,Petit F.,Ploy M.-C.,Dagot C.,Opatowski L. Database Source: Embase Weekly Updates Journal Title: Science of the Total Environment,Science of the Total Environment Article Title: Modeling the impact of urban and hospital eco-exposomes on antibiotic-resistance dynamics in wastewaters Year: 2024 Issue: Volume: 924 Abstract: The emergence and selection

Introduction to Special Issue: COVID-19 - Trauma and Resilience in Children and Adolescents

Author Names: Levita L. Database Source: Embase Weekly Updates Journal Title: Journal of Child and Adolescent Trauma,Journal of Child and Adolescent Trauma Article Title:

Introduction to Special Issue: COVID-19 - Trauma and Resilience in Children and Adolescents Year: 2024 Issue: 1 Volume: 17 Abstract:

Enable, Empower, Succeed: Harnessing Open Science for Antimicrobial Resistance Containment

Author Names: Founou L.L., Lawal O.U., Djiyou A., Odih E.E., Amoako D.G., Fadanka S., Aworh M.K., Lukhele S., Nikolic D., Matimba A., Founou R.C. Database Source: Embase Preprint Journal Title: bioRxiv Article Title: Enable, Empower, Succeed: Harnessing Open Science for Antimicrobial Resistance Containment Year: 2024 Issue: Volume: Abstract: Antimicrobial resistance (AMR) poses a

Antimicrobial Resistance and Sports: The Scope of the Problem, Implications for Athletes' Health and Avenues for Collaborative Public Health Action

Author Names: Ozegic O., Bedenic B., Sternak S.L., Sviben M., Talapko J., Pazur I., Skrlec I., Segedi I., Mestrovic T. Database Source: Embase Daily Updates Journal Title: Antibiotics, Antibiotics Article Title: Antimicrobial Resistance and Sports: The Scope of the Problem, Implications for Athletes' Health and Avenues for Collaborative Public Health Action Year: 2024 Issue: 3 Volume: 13

Maintaining point of care testing capacity and pandemic preparedness in the post-COVID-19 era

Author Names: Rakeman-Cagno J.L., Persing D.H., Loeffelholz M.J. Database Source: Embase Weekly Updates Journal Title: Expert Review of Molecular Diagnostics, Expert Review of Molecular Diagnostics Article Title: Maintaining point of care testing capacity and pandemic preparedness in the post-COVID-19 era Year: 2024 Issue: 3 Volume: 24 Abstract: Introduction: Testing at the point of

Community health and wellbeing workers: an off-the-peg solution for improving health and care in England

Author Names: Junghans C., Harris M., Majeed A. Database Source: Embase Weekly Updates Journal Title: British Journal of General Practice, British Journal of General Practice Article Title: Community health and wellbeing workers: an off-the-peg solution for improving health and care in England Year: 2024 Issue: 740 Volume: 74 Abstract:

Plant-Origin Components: New Players to Combat Antibiotic Resistance in *Klebsiella pneumoniae*

Author Names: Luna-Pineda V.M., Rodriguez-Martinez G., Salazar-Garcia M., Romo-Castillo M. Database Source: Embase Weekly Updates Journal Title: International Journal of Molecular Sciences, International Journal of Molecular Sciences Article Title: Plant-Origin Components: New Players to Combat Antibiotic Resistance in *Klebsiella pneumoniae* Year: 2024 Issue: 4 Volume: 25 Abstract:

Phenotypic and molecular detection of carbapenemase-producing *klebsiella pneumoniae* isolated from patients admitted to teaching hospitals in shiraz, iran

Author Names: Samadi N., Kalani M., Azimi T., Hosainzadegan H., Hadi N. Database Source: Embase Weekly Updates Journal Title: Jundishapur Journal of Microbiology, Jundishapur Journal of Microbiology Article Title: Phenotypic and molecular detection of carbapenemase-producing *klebsiella pneumoniae* isolated from patients admitted to teaching hospitals in shiraz, iran Year: 2023 Issue: 12

A systematic review and analysis of health risks associated with zoonotherapeutic practices in Africa

Author Names: Fourchault L., Lamane A., Mbakop D.R.N., Saliu G.T., Gryseels S., Verheyen E., Kreppel K. Database Source: Embase Preprint Journal Title: medRxiv, ENG Article Title: A systematic review and analysis of health risks associated with zoonotherapeutic practices in Africa Year: 2024 Issue: Volume: Abstract: Background Over five billion people globally rely on a plant- and

Novel silver nanoparticle-antibiotic combinations as promising antibacterial and anti-biofilm candidates against multiple-antibiotic resistant ESKAPE microorganisms

Author Names: Mishra M., Ballal A., Rath D., Rath A. Database Source: Embase Weekly Updates Journal Title: Colloids and Surfaces B: Biointerfaces, Colloids and Surfaces B: Biointerfaces Article Title: Novel silver nanoparticle-antibiotic combinations as promising antibacterial and anti-biofilm candidates against multiple-antibiotic resistant ESKAPE microorganisms Year: 2024 Issue:

Monkeypox: What the Dermatologist Needs to Know

Author Names: Carneiro F.R.O., Daxbacher E.L.R., DaCosta A., de Sa Goncalves H., Ramos-E-Silva M., Penna G.O. Database Source: Embase Weekly Updates Journal Title: Skinmed Article Title: Monkeypox: What the Dermatologist Needs to Know Year: 2024 Issue: 1 Volume: 22 Abstract: Monkeypox, an endemic disease in some African countries, has provoked public health activeness on a global scale

COVID-19 isolation and quarantine orders in Berlin-Reinickendorf (Germany): How many, how long and to whom?

Author Names: Schumacher J., Kuhne L., Brussermann S., Geisler B., Jackle S. Database Source: Embase Weekly Updates Journal Title: PLoS ONE, PLoS ONE Article Title: COVID-19 isolation and quarantine orders in Berlin-Reinickendorf (Germany): How many, how long and to whom? Year: 2024 Issue: 3 March Volume: 19 Abstract: Isolating COVID-19 cases and quarantining their close contacts can

Editorial: Mapping the exposome and investigating its role in human and environmental health

Author Names: Gao P., Ju F., Jiang C. Database Source: Embase Weekly Updates Journal Title: Frontiers in Microbiology, Frontiers in Microbiology Article Title: Editorial: Mapping the exposome and investigating its role in human and environmental health Year: 2023 Issue: Volume: 14 Abstract:

Triazolopyrimidine Derivatives: An Updated Review on Recent Advances in Synthesis, Biological Activities and Drug Delivery Aspects

Author Names: Abdelkhalek A.S., Attia M.S., Kamal M.A. Database Source: Embase Weekly Updates Journal Title: Current Medicinal Chemistry, Current Medicinal Chemistry Article Title: Triazolopyrimidine Derivatives: An Updated Review on Recent Advances in Synthesis, Biological Activities and Drug Delivery Aspects Year: 2024 Issue: 14 Volume: 31 Abstract: Molecules containing

Community-based symptom reporting among agro-pastoralists and their livestock in Chad in a One Health approach

Author Names: Doras C., Ozcelik R., Abakar M.F., Issa R., Kimala P., Youssouf S., Bolon I., Durr S. Database Source: Embase Weekly Updates Journal Title: Acta Tropica, Acta

Tropica Article Title: Community-based symptom reporting among agro-pastoralists and their livestock in Chad in a One Health approach Year: 2024 Issue: Volume: 253 Abstract: One Health Syndromic Surveillance has a high

Pathogenic Bacteria in Free-Living Birds, and Its Public Health Significance

Author Names: Kobuszevska A.,Wysok B. Database Source: Embase Daily Updates Journal Title: Animals,Animals Article Title: Pathogenic Bacteria in Free-Living Birds, and Its Public Health Significance Year: 2024 Issue: 6 Volume: 14 Abstract: Birds that roam freely, particularly those that migrate, have the potential to carry a range of diseases that can be passed on to humans

Editorial: Antibiotics overuse as the driving force behind antimicrobial resistance

Author Names: Shani L.,Nissan I. Database Source: Embase Weekly Updates Journal Title: Frontiers in Cellular and Infection Microbiology,Frontiers in Cellular and Infection Microbiology Article Title: Editorial: Antibiotics overuse as the driving force behind antimicrobial resistance Year: 2024 Issue: Volume: 14 Abstract:

Infectious Diseases Training in the 21st Century: A Glass Half Full or Half Empty?

Author Names: Arias C.A.,Pirofski L.-A. Database Source: Embase Weekly Updates Journal Title: Journal of Infectious Diseases,Journal of Infectious Diseases Article Title: Infectious Diseases Training in the 21st Century: A Glass Half Full or Half Empty? Year: 2024 Issue: 3 Volume: 229 Abstract: The percentage of infectious diseases (ID) fellowship positions filled has declined in

Genomic Evidence for Extra-Intestinal Foodborne Disease due to Zoonotic Bacteria: A Public Health Risk

Author Names: Koudoum P.L.,Founou L.L.,Dimani B.D.,Mbossi A.,Zemtsa J.R.,Kadima M.G.,Kabamba-Tshikongo A.,Asante J.,Keddy K.H.,Garcia T.E.,Founou R.C. Database Source: Embase Preprint Journal Title: medRxiv,ENG Article Title: Genomic Evidence for Extra-Intestinal Foodborne Disease due to Zoonotic Bacteria: A Public Health Risk Year: 2024 Issue: Volume: Abstract: Foodborne diseases

Antimicrobial resistance and heterogeneity of Neisseria gonorrhoeae isolated from patients attending sexually transmitted infection clinics in Lusaka, Zambia

Author Names: Sarenje K.L.,van Zwetselaar M.,Kumburu H.,Sonda T.,Mmbaga B.,Ngalamika O.,Maimbolwa M.C.,Siame A.,Munsaka S.,Kwenda G. Database Source: Embase Weekly Updates Journal Title: BMC Genomics,BMC Genomics Article Title: Antimicrobial resistance and heterogeneity of Neisseria gonorrhoeae isolated from patients attending sexually transmitted infection clinics in Lusaka, Zambia Year:

Understanding bacterial pathogenicity: a closer look at the journey of harmful microbes

Author Names: Soni J.,Sinha S.,Pandey R. Database Source: Embase Weekly Updates Journal Title: Frontiers in Microbiology,Frontiers in Microbiology Article Title: Understanding bacterial pathogenicity: a closer look at the journey of harmful microbes Year: 2024 Issue: Volume: 15 Abstract: Bacteria are the most prevalent form of microorganisms and are classified into two categories

Functional correlates of a novel 8-factor model of PTSD in U.S. military veterans: Results from the National Health and Resilience in Veterans Study

Author Names: Stiltner B.,Fischer I.C.,Duek O.,Polimanti R.,Harpaz-Rotem I.,Pietrzak R.H. Database Source: Embase Weekly Updates Journal Title: Journal of Psychiatric

Research,Journal of Psychiatric Research Article Title: Functional correlates of a novel 8-factor model of PTSD in U.S

Antimicrobial Resistance and Virulence Potential of Bacterial Species from Captive Birds of Prey-Consequences of Falconry for Public Health

Author Names: Magalhaes R.,Tavares L.,Oliveira M. Database Source: Embase Daily Updates Journal Title: Animals,Animals Article Title: Antimicrobial Resistance and Virulence Potential of Bacterial Species from Captive Birds of Prey-Consequences of Falconry for Public Health Year: 2024 Issue: 6 Volume: 14 Abstract: Falconry has been practiced for thousands of years and is nowadays

Pathogen genomics and One Health: A scoping review of current practices in zoonotic disease research

Author Names: Catalano S.,Battelli F.,Traore Z.I.,Raghwani J.,Faust C.L.,Standley C.J. Database Source: Embase Preprint Journal Title: medRxiv,ENG Article Title: Pathogen genomics and One Health: A scoping review of current practices in zoonotic disease research Year: 2024 Issue: Volume: Abstract: Whole-genome sequencing has revolutionised the field of infectious disease

Integration of water, sanitation, and hygiene program with biosecurity: A One Health approach to reduce the prevalence and exposure of antibiotic-resistant bacteria in the livestock community

Author Names: Paramitadevi Y.V.,Priadi C.R.,Rahmatika I.,Rukmana A.,Moersidik S.S. Database Source: Embase Weekly Updates Journal Title: International Journal of One Health Article Title: Integration of water, sanitation, and hygiene program with biosecurity: A One Health approach to reduce the prevalence and exposure of antibiotic-resistant bacteria in the livestock community Year: 2023

Unveiling the urban resilience in cities of China, a study on NO₂ concentrations and COVID-19 pandemic

Author Names: Wu S.,Wong M.S.,Di B.,Ding X.,Shi G.,Chan E.H.W.,Muhammad W. Database Source: Embase Daily Updates Journal Title: Atmospheric Environment,Atmospheric Environment Article Title: Unveiling the urban resilience in cities of China, a study on NO₂ concentrations and COVID-19 pandemic Year: 2024 Issue: Volume: 326 Abstract: COVID-19 can be considered as the

Development and initial validation of the career resilience instrument for CDC emergency responders in China within the context of public health emergencies: based on a survey conducted in Shanghai

Author Names: Wang A.-Q.,Cheng W.-D.,Fu Y.-Y.,Luo Y.-S.,Li J.,Wang H.-Y.,Jin C.-L. Database Source: Embase Daily Updates Journal Title: Frontiers in public health Article Title: Development and initial validation of the career resilience instrument for CDC emergency responders in China within the context of public health emergencies: based on a survey conducted in Shanghai Year: 2024

A legal mapping of 48 WHO member states' inclusion of public health emergency of international concern, pandemic, and health emergency terminology within national emergency legislation in responding to health emergencies

Author Names: Wenham C.,Stout L. Database Source: Embase Daily Updates Journal Title: The Lancet,The Lancet Article Title: A legal mapping of 48 WHO member states' inclusion of public health emergency of international concern, pandemic, and health emergency

terminology within national emergency legislation in responding to health emergencies Year: 2024 Issue: Volume: Abstract: WHO

Where should "Humans" be in "One Health"? Lessons from COVID-19 for One Health

Author Names: Su Z.,McDonnell D.,Cheshmehzangi A.,Bentley B.L.,Segalo S.,da Veiga C.P.,Xiang Y.-T. Database Source: Embase Daily Updates Journal Title: Globalization and Health,Globalization and Health Article Title: Where should "Humans" be in "One Health"? Lessons from COVID-19 for One Health Year: 2024 Issue: 1 Volume: 20 Abstract: The culling of animals that are infected, or

Drug-resistant tuberculosis: a persistent global health concern

Author Names: Farhat M.,Cox H.,Ghanem M.,Denkinger C.M.,Rodrigues C.,Abd El Aziz M.S.,Enkh-Amgalan H.,Vambe D.,Ugarte-Gil C.,Furin J.,Pai M. Database Source: Embase Daily Updates Journal Title: Nature Reviews Microbiology,Nature Reviews Microbiology Article Title: Drug-resistant tuberculosis: a persistent global health concern Year: 2024 Issue: Volume: Abstract: Drug-resistant

Public-Private engagement and health systems resilience in times of health worker strikes: A Ghanaian case study

Author Names: Buabeng-Baidoo B.,Olivier J. Database Source: Embase Daily Updates Journal Title: Health policy and planning Article Title: Public-Private engagement and health systems resilience in times of health worker strikes: A Ghanaian case study Year: 2024 Issue: Volume: Abstract: In low and middle-income countries like Ghana, private providers, particularly the grouping of

Strengthening Pediatric and Public Health Collaboration to Protect Children's Health During a Pandemic

Author Names: Francis Z.K.,Dufort E.M.,Albanese B.A.,Chung W.M.,Lee E.H.,Moore Z.,Mascola L.,Pan E.,Pedati C.,Turabelidze G.,Park S.Y. Database Source: Embase Daily Updates Journal Title: Pediatric Clinics of North America,Pediatric Clinics of North America Article Title: Strengthening Pediatric and Public Health Collaboration to Protect Children's Health During a Pandemic Year: 2024

Surveys on Pet-Reptile-Associated Multi-Drug-Resistant Salmonella spp. in the Timisoara Metropolitan Region-Western Romania

Author Names: Degi J.,Herman V.,Radulov I.,Morariu F.,Florea T.,Imre K. Database Source: Embase Weekly Updates Journal Title: Antibiotics,Antibiotics Article Title: Surveys on Pet-Reptile-Associated Multi-Drug-Resistant Salmonella spp

The Probiotic Potential and Metabolite Characterization of Bioprotective Bacillus and Streptomyces for Applications in Animal Production

Author Names: Evangelista A.G.,Nazareth T.D.M.,Luz C.,Dopazo V.,Moreno A.,Riolo M.,Meca G.,Luciano F.B. Database Source: Embase Weekly Updates Journal Title: Animals,Animals Article Title: The Probiotic Potential and Metabolite Characterization of Bioprotective Bacillus and Streptomyces for Applications in Animal Production Year: 2024 Issue: 3 Volume: 14 Abstract: Probiotics are

The impact of COVID-19 on school nursing: A qualitative survey of stressors faced by school nurses

Author Names: White B.,Hetzl A.,Willgerodt M.,Durkee-Neuman E.,Nguyen L. Database Source: Embase Daily Updates Journal Title: Public health nursing (Boston, Mass.) Article

Title: The impact of COVID-19 on school nursing: A qualitative survey of stressors faced by school nurses Year: 2024 Issue: Volume: Abstract: BACKGROUND: As students returned to school, school nurses were

Strengthening hospital epidemiology & infection prevention research capacity in India to curb antimicrobial resistance

Author Names: Gandra S., Vasudevan A.K., Warren D.K., Singh S.K. Database Source: Embase Weekly Updates Journal Title: Indian Journal of Medical Research, Indian Journal of Medical Research Article Title: Strengthening hospital epidemiology & infection prevention research capacity in India to curb antimicrobial resistance Year: 2024 Issue: 1 Volume: 159 Abstract:

The revised European Definition of General Practice/Family Medicine. A pivotal role of One Health, Planetary Health and Sustainable Development Goals

Author Names: Windak A., Rochfort A., Jacquet J. Database Source: Embase Weekly Updates Journal Title: European Journal of General Practice, European Journal of General Practice Article Title: The revised European Definition of General Practice/Family Medicine. A pivotal role of One Health, Planetary Health and Sustainable Development Goals Year: 2024 Issue: 1 Volume: 30 Abstract:

Socioeconomic, meteorological factors and spatiotemporal distribution of human brucellosis in China between 2004 and 2019- A study based on spatial panel model

Author Names: Sun Z.-X., Wang Y., Li Y.-J., Yu S.-H., Wu W., Huang D.-S., Guan P. Database Source: Embase Weekly Updates Journal Title: PLoS Neglected Tropical Diseases, PLoS Neglected Tropical Diseases Article Title: Socioeconomic, meteorological factors and spatiotemporal distribution of human brucellosis in China between 2004 and 2019- A study based on spatial panel model Year: 2023 Issue:

Global, regional, and country-level cost of leptospirosis due to loss of productivity in humans

Author Names: Agampodi S., Gunarathna S., Lee J.-S., Excler J.-L. Database Source: Embase Weekly Updates Journal Title: PLoS Neglected Tropical Diseases, PLoS Neglected Tropical Diseases Article Title: Global, regional, and country-level cost of leptospirosis due to loss of productivity in humans Year: 2023 Issue: 8 August Volume: 17 Abstract: Background Leptospirosis, a prevalent

Standardized Cumulative Metrics of Excess Mortality to Monitor Health System Resilience Throughout COVID-19 and Other Respiratory Virus Resurgences

Author Names: Magiorkinis G. Database Source: Embase Weekly Updates Journal Title: American Journal of Epidemiology, American Journal of Epidemiology Article Title: Standardized Cumulative Metrics of Excess Mortality to Monitor Health System Resilience Throughout COVID-19 and Other Respiratory Virus Resurgences Year: 2024 Issue: 3 Volume: 193 Abstract: Monitoring morbidity and

Nationwide quality assurance of high-throughput diagnostic molecular testing during the SARS-CoV-2 pandemic: role of the Belgian National Reference Centre

Author Names: Janssen R., Cuypers L., Laenen L., Keyaerts E., Beuselinck K., Janssenswillen S., Slechten B., Bode J., Wollants E., Van Laethem K., Rector A., Bloemen M., Sijmons A., de Schaezen N., Capron A., Van Baelen K., Pascal T., Vermeiren C., Bureau F., Vandesompele J., De Smet P., Uten W., Malonne H., Kerkhofs P., De Cock J., Matheussen V., Verhasselt B., Gillet L., Detry G., Bearzatto B., Degosserie J., Henin C

Integrated Management of Childhood Illness implementation in Nepal: understanding strategies, context, and outcomes

Author Names: Subedi R.K., VanderZanden A., Adhikari K., Bastola S., Hirschhorn L.R., Binagwaho A., Maskey M. Database Source: Embase Weekly Updates Journal Title: BMC Pediatrics, BMC Pediatrics Article Title: Integrated Management of Childhood Illness implementation in Nepal: understanding strategies, context, and outcomes Year: 2024 Issue: Suppl 1 Volume: 23 Abstract: Background: Health

Estimates of antibiotic resistance in Italy and Western Europe in 2019: a MICROBE-based comparative analysis

Author Names: Zamagni G., Forni S., Iavicoli I., Guicciardi S., Buonsenso D., Ferrara P., De Luca M., Golinelli D., Sanmarchi F., Collatuzzo G., Gemmi F., Naghavi M., Sabbatucci M., Monasta L. Database Source: Embase Weekly Updates Journal Title: Epidemiologia e prevenzione Article Title: Estimates of antibiotic resistance in Italy and Western Europe in 2019: a MICROBE-based comparative analysis, Stime

Knowledge, Attitudes, and Practices in Antibiotic Dispensing amongst Pharmacists in Trinidad and Tobago: Exploring a Novel Dichotomy of Antibiotic Laws

Author Names: Nagassar R.P., Carrington A., Dookeeram D.K., Daniel K., Bridgelal-Nagassar R.J. Database Source: Embase Weekly Updates Journal Title: Antibiotics, Antibiotics Article Title: Knowledge, Attitudes, and Practices in Antibiotic Dispensing amongst Pharmacists in Trinidad and Tobago: Exploring a Novel Dichotomy of Antibiotic Laws Year: 2023 Issue: 7 Volume: 12 Abstract: The

Child Health During War and Disasters: Building Resilience

Author Names: Scales S.E., Scales E., Guha-Sapir D. Database Source: Embase Weekly Updates Journal Title: Indian pediatrics Article Title: Child Health During War and Disasters: Building Resilience Year: 2024 Issue: 3 Volume: 61 Abstract: Children face unique risks resulting from disasters and conflicts

Update on syphilis in pregnancy: marrying basic science advances and clinical perseverance to solve an ancient public health problem

Author Names: Adhikari E.H. Database Source: Embase Weekly Updates Journal Title: Current Opinion in Obstetrics and Gynecology, Current Opinion in Obstetrics and Gynecology Article Title: Update on syphilis in pregnancy: marrying basic science advances and clinical perseverance to solve an ancient public health problem Year: 2024 Issue: 2 Volume: 36 Abstract: Purpose of review While

Integrating climate resilience with sports, exercise, and public health expenditures on sustainable environment: Evidence from coastal regions of China

Author Names: Li B. Database Source: Embase Daily Updates Journal Title: Environmental research Article Title: Integrating climate resilience with sports, exercise, and public health expenditures on sustainable environment: Evidence from coastal regions of China Year: 2024 Issue: Volume: Abstract: The adoption of environmentally-friendly habits has become more crucial in the

Prevalence and public health significance of rabies virus in bats in the North Region of Cameroon

Author Names: Dah I., Poueme Namegni R.S., Mouiche Mouliom M.M., Dickmu Jumbo S., Nguena Guefack Noumedem R., Conclois I., Florian L., God-Yang L., Feussom

J.M.K.,Wade A.,Misse D.,Awah-Ndukum J. Database Source: Embase Weekly Updates
Journal Title: PLoS Neglected Tropical Diseases,PLoS Neglected Tropical Diseases Article
Title: Prevalence and public health significance of rabies virus in bats in

Antimicrobial Resistance: Addressing a Global Threat to Humanity

Author Names: Walsh T.R.,Gales A.C.,Laxminarayan R.,Dodd P.C. Database Source:
Embase Weekly Updates Journal Title: PLoS Medicine,PLoS Medicine Article Title:
Antimicrobial Resistance: Addressing a Global Threat to Humanity Year: 2023 Issue: 7 July
Volume: 20 Abstract:

Innovation in laboratory testing approaches to oversee Africa's local production of medical products

Author Names: Harris R.,Ndmondo-Sigonda M.,Mukanga D.,Darko M.,Shah D.K. Database
Source: Embase Weekly Updates Journal Title: International Health,International Health
Article Title: Innovation in laboratory testing approaches to oversee Africa's local production
of medical products Year: 2024 Issue: 2 Volume: 16 Abstract:

Insights into the Evolving Epidemiology of Clostridioides difficile Infection and Treatment: A Global Perspective

Author Names: Liu C.,Monaghan T.,Yadegar A.,Louie T.,Kao D. Database Source: Embase
Weekly Updates Journal Title: Antibiotics,Antibiotics Article Title: Insights into the Evolving
Epidemiology of Clostridioides difficile Infection and Treatment: A Global Perspective Year:
2023 Issue: 7 Volume: 12 Abstract: Clostridioides difficile remains an important public health
threat, globally

Meme Science, Pandemic Preparedness, and the Trajectory of Failure

Author Names: Upshur R. Database Source: Embase Weekly Updates Journal Title: Journal
of bioethical inquiry Article Title: Meme Science, Pandemic Preparedness, and the
Trajectory of Failure Year: 2023 Issue: 4 Volume: 20 Abstract: In this paper I analyse the
implications of "flattening" the curve for long-term care residents in the Province of Ontario,
Canada during the first wave

Rate of Beta-Lactam Resistance and Epidemiological Features of S. Aureus-Associated Bovine Mastitis in Cross-Bred Ethiopian Cows: Systematic Review

Author Names: Dagnaw M.,Bazezew M.,Mengistu B.,Anagaw B.,Mebratu A.S. Database
Source: Embase Weekly Updates Journal Title: Veterinary Medicine: Research and Reports
Article Title: Rate of Beta-Lactam Resistance and Epidemiological Features of S

Shifting the paradigm: highlights from 2022 demonstrate broad public health impacts of applied urban entomology

Author Names: Crawley S.E. Database Source: Embase Weekly Updates Journal Title:
Journal of medical entomology Article Title: Shifting the paradigm: highlights from 2022
demonstrate broad public health impacts of applied urban entomology Year: 2024 Issue: 2
Volume: 61 Abstract: In 2022, the dramatic reduction of applied and extension urban
entomology positions was highlighted and

The state of integrated disease surveillance globally: synthesis report of a mixed methods study

Author Names: Lee A.C.K.,Iversen B.G.,Lynes S.,Desenclos J.-C.,Bezuidenhout
J.E.,Flodgren G.M.,Pyone T. Database Source: Embase Weekly Updates Journal Title:

Advances in Nanomaterials and Composites Based on Mesoporous Materials as Antimicrobial Agents: Relevant Applications in Human Health

Author Names: Gomez G.E.,Hamer M.,Regiart M.D.,Tortella G.R.,Seabra A.B.,Soler Illia G.J.A.A.,Fernandez-Baldo M.A. Database Source: Embase Weekly Updates Journal Title: Antibiotics,Antibiotics Article Title: Advances in Nanomaterials and Composites Based on Mesoporous Materials as Antimicrobial Agents: Relevant Applications in Human Health Year: 2024 Issue: 2 Volume: 13 Abstract:

The Impact of COVID-19 Pandemic on Hospital Waste Management: A Bibliometric Analysis

Author Names: Kuntari N.A.N.,Ulfa M.,Jamal A. Database Source: Embase Weekly Updates Journal Title: Avicenna Journal of Environmental Health Engineering Article Title: The Impact of COVID-19 Pandemic on Hospital Waste Management: A Bibliometric Analysis Year: 2023 Issue: 2 Volume: 10 Abstract: Any used solid, liquid, or gaseous substance will be immediately discarded

Understanding the impact of antimicrobial resistance on outcomes of bloodstream infections in low- and middle-income countries

Author Names: de Kraker M.E.A. Database Source: Embase Weekly Updates Journal Title: PLoS Medicine, PLoS Medicine Article Title: Understanding the impact of antimicrobial resistance on outcomes of bloodstream infections in low- and middle-income countries Year: 2023 Issue: 7 July Volume: 20 Abstract:

Antimicrobial Resistance: Techniques to Fight AMR in Bacteria - A Review

Author Names: Mahizhchi E., Sivakumar D., Jayaraman M. Database Source: Embase Weekly Updates Journal Title: Journal of Pure and Applied Microbiology, Journal of Pure and Applied Microbiology Article Title: Antimicrobial Resistance: Techniques to Fight AMR in Bacteria - A Review Year: 2024 Issue: 1 Volume: 18 Abstract: Antimicrobials or antibiotics were the important revelations of the

Seroprevalence of toxoplasmosis among children with autism

Author Names: El-Sayed S.H., Al-Shewy K.A.H., Abdin E.M., Hasan H.M. Database Source: Embase Weekly Updates Journal Title: Egyptian Journal of Neurology, Psychiatry and Neurosurgery, Egyptian Journal of Neurology, Psychiatry and Neurosurgery Article Title: Seroprevalence of toxoplasmosis among children with autism Year: 2024 Issue: 1 Volume: 60 Abstract: Background: Toxoplasmosis is

Impact with equity: EDCTP and equitable research partnerships

Author Names: Makanga M., Beattie P., Jajkovic D., Nyirenda T., Tanner M., Hankins C. Database Source: Embase Weekly Updates Journal Title: The Lancet Global Health, The Lancet Global Health Article Title: Impact with equity: EDCTP and equitable research partnerships Year: 2024 Issue: 4 Volume: 12 Abstract:

The COVID Vaccination Hesitancy Epidemic

Author Names: Nusbaum N.J. Database Source: Embase Daily Updates Journal Title: Journal of community health Article Title: The COVID Vaccination Hesitancy Epidemic Year: 2024 Issue: Volume: Abstract: Uptake of the COVID19 vaccinations has been generally disappointing in the United States

Pre-Harvest Food Safety Challenges in Food-Animal Production in Low- and Middle-Income Countries

Author Names: Seyoum E.T., Eguale T., Habib I., Oliveira C.J.B., Monte D.F.M., Yang B., Gebreyes W.A., Alali W.Q. Database Source: Embase Daily Updates Journal Title: Animals, Animals Article Title: Pre-Harvest Food Safety Challenges in Food-Animal Production in Low- and Middle-Income Countries Year: 2024 Issue: 5 Volume: 14 Abstract: Food safety remains a significant global public health

Country uptake of WHO recommendations on differentiated HIV testing services approaches: A global policy review

Author Names: Kadye T., Jamil M.S., Johnson C., Baggaley R., Barr-Dichiara M., Cambiano V. Database Source: Embase Daily Updates Journal Title: BMJ Open, BMJ Open Article Title: Country uptake of WHO recommendations on differentiated HIV testing services approaches: A global policy review Year: 2024 Issue: 3 Volume: 14 Abstract: Objectives In 2015 and 2016, WHO issued guidelines on HIV

Chatting with artificial intelligence to combat antibiotic resistance: Opportunities and challenges

Author Names: Abavisani M., Khoshrou A., Karbas Foroushan S., Sahebkar A. Database Source: Embase Daily Updates Journal Title: Current Research in Biotechnology Article

Title: Chatting with artificial intelligence to combat antibiotic resistance: Opportunities and challenges Year: 2024 Issue: Volume: 7 Abstract: Antibiotic resistance (ABR) is a dire global health crisis, undermining

The importance of incorporating systems thinking and One Health in global health classrooms: findings from a One Health simulation activity

Author Names: Acosta D., Stark H., Hack G. Database Source: Embase Daily Updates Journal Title: Frontiers in public health Article Title: The importance of incorporating systems thinking and One Health in global health classrooms: findings from a One Health simulation activity Year: 2024 Issue: Volume: 12 Abstract: There are several challenges and opportunities in health education in

Knowledge, Attitude and Practice of Self-Medication of Antibiotics: Medical Vs Dental students at AIMST University

Author Names: Xin T.K., Qi T.Z., Maniyarasan V.A.P., Xuan W.H., Xuen W.W., Vedam V. Database Source: Embase Weekly Updates Journal Title: Research Journal of Pharmacy and Technology, Research Journal of Pharmacy and Technology Article Title: Knowledge, Attitude and Practice of Self-Medication of Antibiotics: Medical Vs Dental students at AIMST University Year: 2024 Issue: 1 Volume: 17

Time to Think Antifungal Resistance Increased Antifungal Resistance Exacerbates the Burden of Fungal Infections Including Resistant Dermatomycoses

Author Names: McCormick T.S., Ghannoum M. Database Source: Embase Weekly Updates Journal Title: Pathogens and Immunity Article Title: Time to Think Antifungal Resistance Increased Antifungal Resistance Exacerbates the Burden of Fungal Infections Including Resistant Dermatomycoses Year: 2023 Issue: 2 Volume: 8 Abstract: Increased antifungal resistance is exacerbating the burden of

The Effect of Antimicrobial Peptide (PA-13) on Escherichia coli Carrying Antibiotic-Resistant Genes Isolated from Boar Semen

Author Names: Keeratikunakorn K., Aunpad R., Ngamwongsatit N., Kaeoket K. Database Source: Embase Weekly Updates Journal Title: Antibiotics, Antibiotics Article Title: The Effect of Antimicrobial Peptide (PA-13) on Escherichia coli Carrying Antibiotic-Resistant Genes Isolated from Boar Semen Year: 2024 Issue: 2 Volume: 13 Abstract: A major global public health concern is antimicrobial

Diagnosis and Therapeutic Strategies Based on Nucleic Acid Aptamers Selected against Pseudomonas aeruginosa: The Challenge of Cystic Fibrosis

Author Names: Gutierrez-Santana J.C., Coria-Jimenez V.R. Database Source: Embase Weekly Updates Journal Title: ChemMedChem, ChemMedChem Article Title: Diagnosis and Therapeutic Strategies Based on Nucleic Acid Aptamers Selected against Pseudomonas aeruginosa: The Challenge of Cystic Fibrosis Year: 2024 Issue: 2 Volume: 19 Abstract: Antimicrobial resistance (AMR) is a rapidly spreading

Climate warming, environmental degradation and pollution as drivers of antibiotic resistance

Author Names: Rzymiski P., Gwenzi W., Poniedzialek B., Mangul S., Fal A. Database Source: Embase Weekly Updates Journal Title: Environmental Pollution, Environmental Pollution Article Title: Climate warming, environmental degradation and pollution as drivers of antibiotic resistance Year: 2024 Issue: Volume: 346 Abstract: Antibiotic resistance is a major challenge to public health, but

Post implementation quarantine recommendations that support preparedness: A systematic review and quarantine implementation capability framework

Author Names: Bush M.,Bennett C.M.,Hutchinson A.,Bouchoucha S.L. Database Source: Embase Daily Updates Journal Title: Infection, Disease and Health Article Title: Post implementation quarantine recommendations that support preparedness: A systematic review and quarantine implementation capability framework Year: 2024 Issue: Volume: Abstract: Background: During COVID-19, countries

Fatal food anaphylaxis in adults and children

Author Names: Novembre E.,Gelsomino M.,Liotti L.,Barni S.,Mori F.,Giovannini M.,Mastrorilli C.,Pecoraro L.,Saretta F.,Castagnoli R.,Arasi S.,Caminiti L.,Klain A.,del Giudice M.M. Database Source: Embase Weekly Updates Journal Title: Italian Journal of Pediatrics,Italian Journal of Pediatrics Article Title: Fatal food anaphylaxis in adults and children Year: 2024 Issue: 1 Volume: 50

Comparison of antibiotic-resistant *Escherichia coli* and extra-intestinal pathogenic *E. coli* from main river basins under different levels of the sewer system development

Author Names: Chen J.-S.,Hsu B.-M.,Ko W.-C.,Wang J.-L. Database Source: Embase Weekly Updates Journal Title: Ecotoxicology and Environmental Safety,Ecotoxicology and Environmental Safety Article Title: Comparison of antibiotic-resistant *Escherichia coli* and extra-intestinal pathogenic *E*

Antimicrobial resistance from one health perspective in the Middle East: A systematic review

Author Names: Alkheraije K.A. Database Source: Embase Weekly Updates Journal Title: Open Veterinary Journal Article Title: Antimicrobial resistance from one health perspective in the Middle East: A systematic review Year: 2024 Issue: 1 Volume: 14 Abstract: Background: Antimicrobial resistance (AMR) is recognized globally as a significant health challenge, but its extent remains

Antimicrobial resistance and public and animal health risks associated with pathogenic *Escherichia coli* isolated from calves

Author Names: Custodio D.A.D.C.,Pereira C.R.,Goncalves M.S.,Costa A.C.T.R.B.,de Oliveira P.F.R.,da Silva B.H.P.,Carneiro G.B.,Coura F.M.,Lage A.P.,Heinemann M.B.,da Costa G.M.A.,Dorneles E.M.S.
